

Brisbane Magic Futsal Advisory Panel

Siva Krishnan

Brisbane Magic Futsal continues to attract high profile personalities to its club and most particular it's Advisory Panel. Our latest acquisition is Mr Siva Krishnan is a high profile Sports Marketers based in Singapore who has a degree in Business Management and has a high level of passion for the game of Futsal and a spectrum of sports in general.

Mr Krishnan, who previously worked at Asia's largest television network, ESPN STAR Sports, was part of the Event Management and television production teams for the lucrative Futsal Tiger 5s held in Singapore. This fantastic event was a show case event for Futsal offering prize money never seen before in the game. This event extended to Kuala Lumpur with two editions of the KL World 5s in which Mr Krishnan was responsible for the client servicing and TV components of the event.

Mr Krishnan was also instrumental in developing and executing a first ever Asean Beach Soccer Invitational event in the beaches of Desaru, Malaysia in 2008 that involved 10 teams from the ASEAN region.

Mr Krishnan has first hand experience of dealing with the big names of Futsal – Falcao of Brazil and Paulo Roberto of Spain is just a few that he still associates with. Now with Spectrum Worldwide, he has a dream of developing and promoting this great game in Singapore and around the world, including Australia and Brisbane Magic Futsal will be part of that adventure.

Brisbane Magic Futsal is very pleased to have Mr Siva Krishnan as part of our club.
